# Using the National Housing Preservation Database (NHPD) for Voter Engagement Efforts

Dan Emmanuel

Senior Research Analyst

National Low Income Housing Coalition

# What is the NHPD?

- The National Housing Preservation Database (NHPD) is a research tool created by NLIHC and PAHRC for identifying federally subsidized housing.
  - Its most common use is for research and guiding preservation efforts.

# How can we use the NHPD for voter engagement?

- NHPD can also serve as a starting point to guide voter engagement efforts and begin building a voter list for residents of assisted housing.
- We'll walkthrough how to identify assisted properties and share that data through a map.
  - Using tools that are free and accessible to people of all skill levels (NHPD and Google Maps).

The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying the time as 2:18 PM on 7/27/2018.

# Creating a Map

The image shows a web browser window with multiple tabs. The active tab is Google Maps, displaying a map of the Washington DC area. The left sidebar contains various map controls, with 'Your places' highlighted by a red rectangular box. The map shows major roads, parks, and landmarks like the US Capitol and the Pentagon. A search bar at the top right contains the text 'Sedona-Slate by BOQ Lodging Sep 2-Sep 3'. The Windows taskbar is visible at the bottom, showing the search bar and several application icons.

# Creating a Map

The image shows a screenshot of a web browser displaying Google Maps. The browser's address bar shows the URL: <https://www.google.com/maps/@38.8937091,-77.0846157,12z/data=!4m2!1m1!1e4>. The browser tabs include "Data Access - National Housing Pr...", "Google Maps", "Google Maps", "Untitled map - Google My Ma...", and "New Tab".

The Google Maps interface is visible, showing a map of Washington, DC, and surrounding areas. The map includes labels for various neighborhoods and landmarks, such as "Arlington", "Alexandria", "The Pentagon", "United States Capitol", and "NASA Goddard Space Flight Center". A red box highlights the "MAPS" button in the "Your places" sidebar on the left. Another red box highlights the "CREATE MAP" button at the bottom left of the map area.

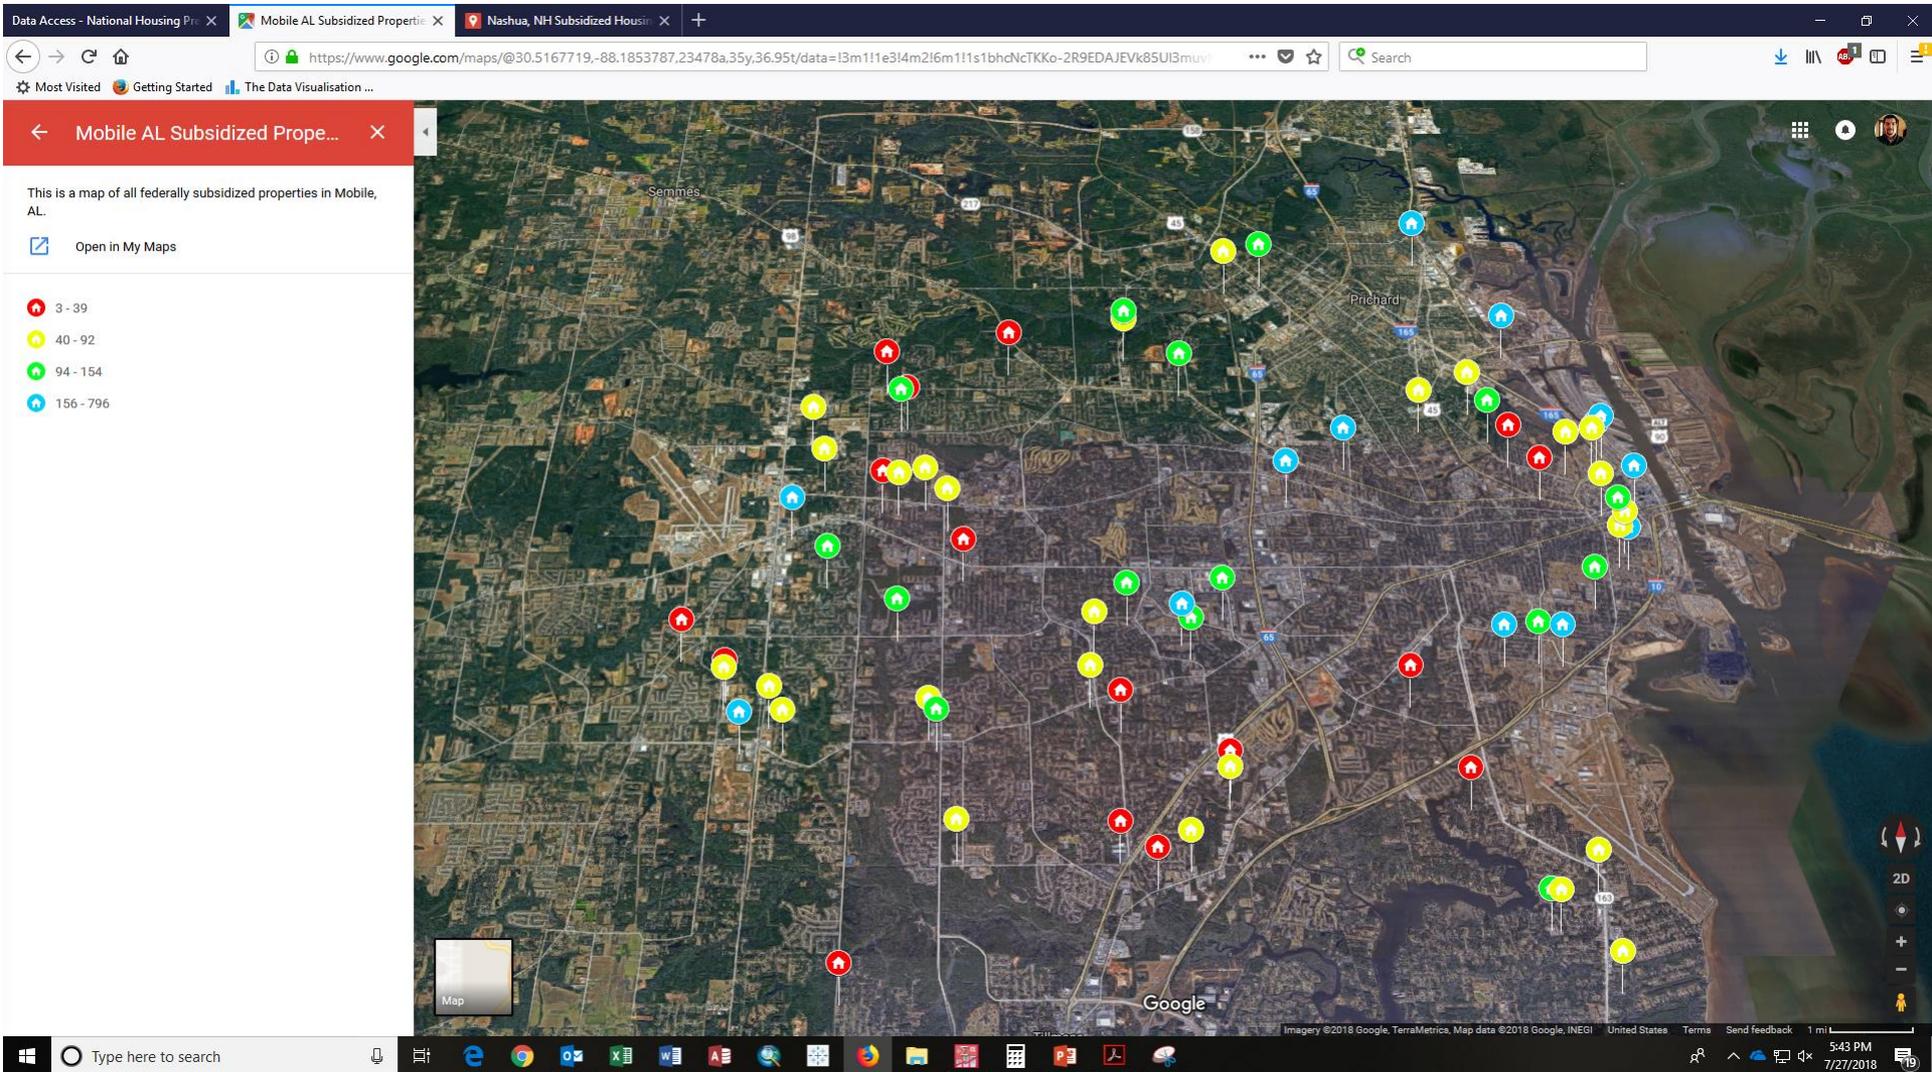

The "Your places" sidebar on the left contains the following items:

- Untitled map (July 27, 2018)
- Manchester, NH Subsidized Housing (March 7, 2018)
- Donut Crawl Map (April 2, 2017)
- Concord, NH Subsidized Housing (November 4, 2016)
- Nashua, NH Subsidized Housing (November 4, 2016)

At the bottom of the sidebar, there is a link that says "SEE ALL YOUR MAPS".

The "CREATE MAP" button is located at the bottom left of the map area, below the "Satellite" view selector.

# Best Practices

# Voter Lists

- The most effective voter engagement is **ONGOING**
- Registering voters only matters if they make it to the polls and cast a ballot
- Maximizing efficiency
- Several different levels of voter lists

# Accessing Locked Apartment Buildings

- Voter registration is NOT soliciting, and simple indications of “no soliciting” do not apply to civic engagement.
- Most owners and operators will allow non-partisan door-to-door registration when it is requested in advance.
- Neighbors can always engage neighbors.

# Voting for Formerly Incarcerated Individuals

- Generally, a person with a conviction who has completed all parole and probation requirements is eligible to vote, but **THIS VARIES BY STATE**.
- States where all people with felony convictions are **PERMANENTLY** banned from voting are Virginia, Kentucky, and Iowa.
- Only two states allow people with convictions to vote while still in prison: Vermont and Maine.
- American Civil Liberties Union (ACLU) maintains a great map resource at: <https://bit.ly/2t8ioyn>
